Dr. Clements' lecture presentation combines humor and motivation with drama in a vivid portrait of life that highlights a pathway to a happier and more meaningful existence. He somehow moves an audience to see man's inhumanity, but more importantly, feel the dignity that can be achieved. Clements loves people, he loves life and he believes in humanity's goodness. This is why he always leaves his phenomenal impact on every audience he addresses.

ROY COHN

Influential attorney and former chief counsel for Senator Joseph McCarthy during the McCarthy hearings on Communist infiltration in government in the 1950's.

THE POWER OF COINCIDENCE

We know, we "feel" the coincidences which occur in our lives cannot always be "blind." A chance meeting, a puzzling recurrence suggest to us that something is happening above and beyond what we think of as the normal course of our reassured, cause-and-effect existence. Now **Alan Vaughan**, author of *Incredible Coincidence*, *The Baffling World of Synchronicity* and a leading authority on synchronicity (meaningful coincidences) offers an intriguing explanation of why events or ideas occur at the same time or in the same way. Vaughan offers a thoughtful, logical theory of this phenomena and he tells how we can make coincidence — synchronicity — work for us: by developing awareness of our life's events, perceiving what they tell us, and acting upon them in a way that can purposefully fulfill the destiny our inner selves already know.

COLLEGE KNOWLEDGE

How can you, the college student turn yourself, overnight, into the attractive, charming, witty, intelligent, in a word, superior person your roommate isn't? How can you attain instant academic stardom? Above all, how can you guarantee that you will be as successful in your dealing with the opposite sex as you deserve to be?
